

TRINIDAD STATE COLLEGE

2024 COMMENCEMENT

A MESSAGE FROM THE PRESIDENT

On a day like today, you may look at your accomplishments with a sigh of relief. That is normal, healthy and good. Just for a day or two, slow down time, laugh, enjoy and embrace this feeling. You fought through difficulties, doubts and trials. You pressed on, persevered and found a tenacity you didn't know you had.

Reaching a major goal always feels like this. Give yourself permission to savor it.

Then, after a brief time, set your next goal. Because of this experience you are better equipped to conquer it. Never settle for the mundane, never be lulled to boredom by repetition. No matter where you go from here, no matter what calls you, look for that spark in a dark place and with care and attention, fan it into a fire.

Now lock up your fears and doubts, and go do your next thing. It will be hard, but it will be worth it.

I am so proud of you!

Sincerely,

A handwritten signature in black ink that reads "Rhonda M. Epper". The signature is fluid and cursive, written in a professional style.

Rhonda M. Epper, Ph.D.
President, Trinidad State College

2024 COMMENCEMENT

TRINIDAD STATE COLLEGE

COLORADO COMMUNITY COLLEGE SYSTEM

Joseph A. Garcia, Chancellor

COLORADO STATE BOARD FOR COMMUNITY COLLEGES AND OCCUPATIONAL EDUCATION

Dr. Landon Mascareñaz, Chair

VETERAN GRADUATES

The red, white, and blue honor cords are one way to show our veterans how much we appreciate their service, through their self-sacrifice in addition to the pride we feel for their latest academic success. We hope these cords will inspire a sense of pride and patriotism not only in our veteran graduates, but in every one of us.

2024 VETERAN GRADUATES

Luis A. Ayala Soto	Austin Z. Kitchens	Ryan C. Robertson
Robert R. Baker	Robert C. Leck III	Roman S. Romero

John N. Clark	Maya Malone-Garnhart	Victor Simental
Alecsander J. Daniel	Nigel L. Mosley	Jeremy P. Talbott
Andrew H. Gayle	Jeremy A. Moss	Michelle M. Trujillo
David A. Hammel	Tanner J. Muilenburg	Kirk E. Varney
Steven Harris	Sean P. Mullen	Ashley A. Wilson
John D. Johnson III	Gavin Q. Porter	

COLLEGE MACE

The origination of the mace dates back to medieval times when it was first used as a weapon. Medieval European Bishops forbidden the use of the sword were allowed to enter battle with a mace, often an iron or steel club designed to split armor. By the 16th century, the mace, a symbol of authority, was embraced as a ceremonial object by colleges and universities. Traditionally, the mace is carried as part of formal academic occasions.

The College Mace will be carried by the following.

Dr. Jodi Garcia, Ed.D. serves as nursing faculty on the Valley campus where she teaches in both the associate degree and bachelors degree programs as well as serving as the Valley Campus nursing site coordinator. Dr. Jodi is a Valley native, born and raised in the San Luis Valley. She started her nursing career after earning her licensed practical nursing certificate from the San Luis Valley Vocational School. She continued to follow her passion for nursing and helping others by graduating with her associates degree in applied science in nursing from Trinidad State. She later earned her BSN from University of New Mexico.

Clifford Wiening serves Trinidad State College as Biology professor teaching Botany, Zoology, Introductory Biology and General Biology. Wiening is the Trinidad Campus Phi Theta Kappa (PTK) sponsor. PTK is an academic honor society composed of students who strive to provide service opportunities for the campus and surrounding community. With Wiening's leadership, the program has grown significantly providing students with leadership opportunities, scholarly experiences, and service skills that they will take into their future. During Wiening's tenure, PTK has expanded to both campuses and earned multiple awards.

ABOUT TRINIDAD STATE COLLEGE

Established in 1925, Trinidad State College was the first community college in Colorado. With campuses in Trinidad and Alamosa, we provide accessible higher education to students in southern Colorado and beyond. Trinidad State offers career programs in fields such as Computer Information Systems (CIS), Cosmetology, Nursing and Welding. We also have a Line Technician program as well as Theatre Technology in addition to traditional academic Arts and Sciences classes and a guaranteed transfer program through a partnership with four-year colleges and universities in Colorado. We are home to one of the first, and by most accounts, the premier Gunsmithing School in the United States.

We excel at serving our local communities and students who come to our campuses to feel a sense of belonging. We have the highest completion rates of any community college in Colorado.

We offer the full college experience in a small-town setting including dining and residence halls and we feature seventeen (17) intercollegiate sports teams, a robotics team and an eSports team. Welcome to Trojan Territory! Our spacious 17-acre Trinidad Campus is home to the Loudon-Henritze Archaeology Museum.

Our Valley Campus, in Alamosa offers a considerable selection of courses including Nursing, Cybersecurity, Welding, Auto Mechanics and the Law Enforcement Training Academy. On either campus we prepare students for a continued education at a four-year college or university or a job in our communities.

Trinidad State has been continually accredited by the Higher Learning Commission since 1962. We are a proud Hispanic Serving Institution (HSI).

Mission Statement

Enriching our diverse communities through quality educational experiences and lifelong learning

Vision Statement

Educate for the future

Core Value

Students First

TRINIDAD STATE COLLEGE HONORED ALUMNI

ALAMOSA CAMPUS

Shayna (Cooper) Garrett, 2004 was born and raised in the San Luis Valley. As a single parent, she knew she could not raise her son on just a high school education. Shayna attended Trinidad State and graduated in 2004 with an Associates of Applied Science in Office Technologies. After graduation, Shayna was employed by the San Luis Valley BOCES where she worked for 10 years as an administrative secretary and Special Education Teacher. In 2016, she moved to Blue Peaks Developmental Services where she started out in Direct Care and worked her way up to becoming the Human Resource Director. Shayna enjoys spending time with her family, especially her three special grandchildren.

Nathan Haslett, 2014 graduated from Trinidad State with an Associate Degree in Nursing as an older, non-traditional student. His first nursing position was at San Luis Valley Health in the surgical department. During this time, he began Bachelor of Science courses and earned his nursing degree from Grand Canyon University in January 2016. In March 2019, Nathan transferred to the third-floor ICU department and enrolled in the Western Governors University Master of Science Degree Program. While engaging in work and studies, he also started teaching as an adjunct instructor in human nutrition for Trinidad State College. In mid-August 2022, Nathan was hired as a full-time nursing instructor at TSC and was awarded his master's degree in Nursing Instruction in October 2020. Nathan credits Trinidad State for changing his life. He has been married to his wife, Renae, for 26 years and has a child, Alexandria, who is also pursuing her second degree at Adams State University after graduating from TSC. Continuing to seek new opportunities, always looking forward, and caring for others are his personal values.

TRINIDAD CAMPUS

Richard Sawaya, 1964 grew up in Trinidad and attended Trinidad public schools, graduating in 1962. He went on to Trinidad State where he received his Associate of Arts in 1964. Buzz, as his friends call him, then continued his education at Adams State College, now Adams State University. There, he received his Bachelor's in math, chemistry and secondary education. Upon returning to Trinidad, he began a 20 year teaching career at the junior high school. Ready for something different, Buzz purchased the local Ford and Chrysler dealership. For 23 years, Buzz ran the dealership before selling to his partner of eight years. Buzz has been a member of Rotary for 20 years and has served as president for three of those years.

Sandra Prator, 1974 was born and raised in Trinidad. After Trinidad State, Sandra went on to Colorado State University where she graduated with a degree in School Social Work. She worked in the Poudre School District (PSD) in Fort Collins, Colorado for one year. She then went on to the University of Northern Colorado and attained a Master's Degree in Special Needs with an emphasis in Behavioral Disabilities, Learning Disabilities, and Early Childhood. Sandy worked as a Special Needs teacher at PSD from 1978-2000. In 2001, she began teaching in the General Education sector for the next 10 years. She retired from teaching in 2010. Sandy married Daniel Robinson her sweetheart from her CSU days. They have been married 39 years and have one daughter, Caitlyn c Deshay Robinson. At present, Sandy works with Special Needs students at PSD. She has many fond memories of Trinidad State both as a student and as the daughter of the late Bill Prator, gunsmithing faculty member.

Julio Marchiondo, 1984, originally from Raton, New Mexico, earned an Associates in Engineering from Trinidad State and a Bachelor of Science in Electrical Engineering from Colorado State University. Furthering his education, he obtained a Master's in Business Administration from the University of New Mexico in 1998. In 1986, Julio began his career at Alliance Technologies, Inc., a start-up organization in Albuquerque, NM, before transitioning to Sandia National Laboratories in 1996. There, he spearheaded the establishment of an electronic part evaluation laboratory, addressing critical shortages in military-grade electronic components caused by shifts in the electronic component market. His leadership and expertise were pivotal in facilitating the integration of commercial electronic parts into high-reliability systems, resulting in significant cost savings for national security programs. Julio's contributions were officially recognized in 2018 when he was designated a Subject Matter Expert and promoted to the esteemed position of Distinguished Technical Staff Member. He retired in 2023, leaving a lasting legacy in the field. Julio remains in Albuquerque, acknowledging Trinidad State College for laying the foundation for his journey.

Leslee Watson-Flores, 1994 was born and raised in Trinidad. She attended Trinidad High School, where she graduated Valedictorian. Leslee earned an Associate of Science Degree at Trinidad State. While a student at Trinidad State, she was named to Who's Who Among American Junior Colleges and was a member of the Phi Theta Kappa and Tri Beta honor societies. Leslee recognizes professors Ron Rankin and George Leone as the best instructors she had in her entire college experience. From Trinidad State, Leslee transferred to the University of Southern Colorado, now CSU-Pueblo, where she earned her Bachelor's in Biology with a minor in Chemistry. Leslee began her teaching career at Trinidad State 28 years ago. She has taught a variety of classes including all levels of developmental math, career math, college algebra, trigonometry, and microbiology and also was the Math Lab coordinator for nearly 20 years. While teaching, Leslee completed a Master's Degree in Foundational Mathematics from Ball State University. Leslee met her future husband, Fred Flores, when they attended USC. They will celebrate their 23rd wedding anniversary in July.

Gary Rivas, 2004 graduated from Trinidad State with an Associate's Degree in Computer Information Systems. He worked in the IT industry in both the educational and private sectors for the next 5 years before returning to Trinidad State. Gary went on to earn his Bachelor's in Elementary Education in 2010 from Adams State University through the REAP program at TSC. He then served Trinidad School District 1 as a 1st grade teacher at both Eckhart Elementary and Fisher's Peak Elementary until 2015 when he began teaching at Hoehne School District. While with Hoehne School District, he would earn his Master's Degree in Educational Leadership from Adams State University. Today, Gary is the Assistant Principal of Remington Elementary School in Falcon School District 49. Gary is happily married to his high school sweetheart, Amanda. They have two children: a daughter, Alyssa, and son, Gavin. Both his wife and daughter are graduates of the Nursing Program at Trinidad State. Amanda works at UCHealth Memorial Hospital North and Alyssa works at UCHealth Memorial Hospital Central. Gavin is a freshman at Sand Creek High School in Colorado Springs.

Angelo Cuccia, 2014 is a proud Trinidad State alumnus and a dedicated higher education professional. After earning his Associate's Degree from Trinidad State in 2014, Angelo continued his education at CSU Fort Collins, graduating with a Bachelor's in English Literature. Angelo's career path formerly includes serving his alma mater, Trinidad State, as an advisor, as well as the Colorado Department of Labor & Employment. During his time with Labor & Employment, Angelo worked as a career coach for both Las Animas and Huerfano County, where he provided career guidance, training, and job opportunities for the communities. Currently, Angelo serves as the Colorado Online Success Liaison for the Colorado Community College System. Being a first-generation student and a local of Trinidad, Angelo can attest to the transformative power of education and the importance of investing in your community.

ACADEMIC DRESS

The tradition of the academic costume began during the thirteenth century in early European universities. Through the years, diversity in color and style of cap, gown and hood developed. In the late nineteenth century, the colleges and universities in the United States adopted a uniform code governing academic dress.

Today, the gown, hood, and mortar board worn by the graduates in most institutions follow this code. The gown worn by the associate degree candidate, the bachelor's candidate, and the master's degree candidate are most often black or a dark color.

Although usually black, the doctoral gown is sometimes seen in colors. The opening of the doctoral gown is faced with velvet and three velvet chevrons run across its bell-shaped sleeves. Colors used on the hoods serve as identification for the degree earned.

The Oxford cap, usually referred to as a mortar board, completes the attire. Associate degree candidates and bachelor's candidates wear tassels on the black cap, fastened by a button on the top. After degrees have been conferred, tassels will be moved from the left front to the right front of the mortar board.

Trinidad State reserves the right to use, in future college publications, any photographs or video taken by college personnel during these ceremonies.

Trinidad State College prohibits all forms of discrimination and harassment including those that violate federal and state law, or the State Board for Community Colleges and Occupational Education Board Policies 3-120 or 4-120. For information, contact the Director of Human Resources at
Trinidad State College, 600 Prospect Street, Trinidad, CO, 81082,
719-846-5538.

*At the foothills of the Rockies
Glorious to view
Stands our noble Alma Mater
Towering toward the blue
Lift the chorus ever onward
Blue and Gold are we
Hail to thee our Alma Mater
Hail TSC*

To commemorate this special event we ask that graduates take a photo or video of themselves and post it on social media tagged with #TSC2024
