2018-2023
Trinidad State
Strategic Plan
Message from the President

By adopting this plan, Trinidad State reaffirms its commitment to the five key strategic priorities that we believe are critical to our future success and improvement.

This set of priorities now defines the institution. The essence of the college is captured by its mission, vision and core value statements, also included with this plan. Throughout several years of transition and change, our students have remained our steadfast focus.

As a guiding document, this strategic plan shapes the implementation plans written on an annual basis. While there is much to accomplish each year, our work is continually framed by our Students First core value. To achieve our goals, we plan to invest resources – time, energy and money – into what we believe to be best for our students.
