

ABOUT TRINIDAD STATE

DISTANCE EDUCATION

Distance Education

Distance Education consists of various media styles including WebEx, online, hybrid, two-way video/audio, or other combinations of media to deliver instruction at a distance or where the student is not normally required to be on campus in a traditional classroom. TSC offers a number of methods of alternative delivery including;

- Online courses delivered through a Learning Management System (LMS).
- Hybrids are those courses delivered partially (30% or more) through a LMS with reduced contact hours.

Polycom/CISCO Telepresence, WebEx, are two-way video/audio systems for courses where a network, linking the Trinidad campus to the Valley Campus or other locations such as area high schools and other Colorado Community Colleges provides opportunity for interactive video conferencing.

To find the current offerings of each of these types of classes in addition to the traditional face-to-face classes see <https://trinidadstate.edu/schedule/index.html>.

Trinidad State College also offers many classes on-line through CCCOnline. See the schedule of CCCOnline classes on <https://trinidadstate.edu/schedule/index.html>.
