

ABOUT TRINIDAD STATE

DENIAL OF ADMISSION

Denial of Admission

The College may deny admission to any individual whose personal history and background indicates that his or her presence at the college would endanger the health, safety, welfare or property of the college community, or interfere with the orderly and effective performance of the college's functions. TSC has the right to deny admission or continued enrollment to any individual who has misrepresented his or her credentials or background.

Persons who seek enrollment under CRS 16-11-212 9 (Work and Education Release Programs) will be given timely notification of acceptance or denial of admission as required by the statute. Review of a denial of admission or denial of continued enrollment or re-enrollment of students shall be in accordance with the TSC's disciplinary and program procedures.
