# THE MONTHLY SCOOP

## TRINIDAD STATE CONTINUING & COMMUNITY EDUCATION

### Attention Veterans!

Now is your chance to take advantage of the online *Veterans Career Advantage* workshop at no charge.

Whether transitioning from a long career within the military, a veteran making a career change or building skills, it is important to understand how to translate a lifetime of development within a specific skill set to civilian employment. This course prompts military veterans to examine their experience, understand the unique challenges related to job seeking for veterans, military, and their families. This course will focus on career planning and skills development, such as resume writing and improving interviewing skills, for those seeking employment. You'll hear from other veterans about their own experiences along the way.

Become a **Home Inspection Professional** through Trinidad State (in partnership with The CE Shop and the American Home Inspectors Training)

AHIT's Colorado Home Inspector training courses are the industry's most comprehensive education available. Courses contain the 14 key components of a home inspection plus business and marketing guides to help launch your home inspector career. You will learn the entire home inspection process with a mix of engaging instructor presentations and GoPro video footage of actual inspections. This proven step-by-step training approach is taught in small segments to make learning easier.

Your employees are:

1. Your biggest resource and can affect public opinion of your business
2. Your brand ambassadors - the face of your company
3. Retraining, recruiting and rehiring are expensive
4. Employee turnover is costly and can affect morale in both current employees & clients
5. If you value your employees and staff, you can increase your profitability

Skill Advance Colorado provides grants to new and existing businesses, including non-profits, to support employee training. The 2024 grant cycle starts July 2, 2023.
