

## TRINIDAD STATE ARTIST LECTURE SERIES

**TSC ARTS PROUDLY PRESENTS**

# CODY KUEHL

Cody Kuehl is a Colorado born New Western Artist. He was born and currently resides in Northern Colorado. In the last 15 years, Cody has displayed in many galleries around town as well as shows around the country. Cody's work seeks to tell one image stories of the West, which is a genre of art that often glorifies a fundamentally flawed American character study. With images that are "more West than West", he seeks to build up and undercut many of the myths & truths that we hold as an individually American identity. You can find his work on display at Kuehl Fine Art in Trinidad, Colorado, Gallery 1505 on South Pearl Street in Denver, Colorado and Valkarie Gallery in Lakewood, Colorado.
