

TRINIDAD STATE ARTIST LECTURE SERIES

TSC ARTS PROUDLY PRESENTS

ALEX PANGBURN

Originally from Lexington, KY, Alex Pangburn moved to Golden, Colorado in 2017. It was then she started working with the RiNo Art District and continues to work for them as their Director of Curation. During her time here, she has learned to tap into doing large scale pieces. Her first spray paint mural was done in 2018 and she has recently completed her 50th mural; with locations ranging in Colorado, Ohio, & Kentucky. Alex's work focuses on local flora + fauna in the hopes to bring education on their presence within the area that she's painting. Her realistic style focuses on the details of plants, birds, and animals to bring light to their recognizable physical traits. Her hope is to bring awareness to local flora and fauna so that we may understand & better educated on how we can conserve these species.

THURSDAY, NOVEMBER 3 ~ 5:30-6:30
