

TRINIDAD STATE COLLEGE

2022 GRADUATION

A MESSAGE FROM THE PRESIDENT

“We can do anything we want to do if we stick to it long enough.” ~ Helen Keller ~

We are here to commemorate late nights, early mornings, stress, and fatigue.

And celebrate learning, discovery, collaboration and perseverance.

You adjusted and pushed through.

You adapted and found a way.

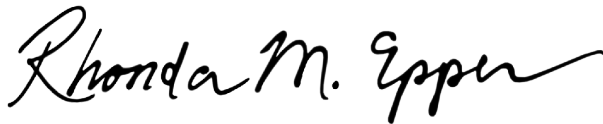

You embraced a new normal and came out on the other side with a new focus on what's important.

The fact that you have reached this milestone is proof of your tenacity.

Remember this at your next college or in your new career: Perseverance is a choice. Perseverance equips you to be a better student, a better employee and a better person. Perseverance is a skill you can use the next time the going gets tough.

Congratulations graduates! You made it!

Sincerely,

Rhonda M. Epper, Ph.D.
President, Trinidad State College

2022 GRADUATION

TRINIDAD STATE COLLEGE

COLORADO COMMUNITY COLLEGE SYSTEM

Joseph A. Garcia, Chancellor

COLORADO STATE BOARD FOR COMMUNITY COLLEGES AND OCCUPATIONAL EDUCATION

The Honorable Senator Rollie Heath, Jr., Chair

VETERAN GRADUATES

The red, white, and blue honor cords are one way to show our veterans how much we appreciate their service, through their self-sacrifice in addition to the pride we feel for their latest academic success. We hope these cords will inspire a sense of pride and patriotism not only in our veteran graduates, but in every one of us.

2022 VETERAN GRADUATES INCLUDE:

Zachary B. Barrett	Eric A. Martinez
Cody A. Burke	Julian M. Martinez
Landon J. Collins	Christopher A. Matute
Kyle P. Conway	Troy A. Meyer
Marshall W. Dickinson	Jeremy A. Newsom
Nathan R. Hamilton	Peter D. Scifres
Matthew J. Haughelstine	Marcus J. Sowa
Reyes A. Jabalera Nevarez	Austin A. Weber
Damaris W. Kigo	

Trinidad State College Mace

The origination of the mace dates back to medieval times when it was first used as a weapon. Medieval European Bishops forbidden the use of the sword were allowed to enter battle with a mace, often an iron or steel club designed to split armor. By the 16th century, the mace, a symbol of authority, was embraced as a ceremonial object by colleges and universities. Traditionally, the mace is carried as part of formal academic occasions.

Valley Campus - Jodi Garcia earned her AAS Registered Nursing degree at Trinidad State and has continued her education with a Bachelor of Science Nursing from The University of New Mexico. She holds both a Master's degree in Nursing Education and a Doctor of Education (Ed.D.) from Walden University. Jodi has served as Valley Campus nursing faculty since 2005.

Trinidad Campus - Robert Philbin was raised in Leadville and attended Colorado School of Mines to study Engineering Physics earning a Bachelor of Science, then Princeton University to study Astrophysics (MA), and recently at Texas A&M to study Statistics (MS). Bob has been a faculty member at Trinidad State since 1991 and will be retiring at the end of this year. Thank you for your service to our students and college.

About Trinidad State College

Established in 1925, Trinidad State College was the first community college in Colorado. With campuses in Trinidad and Alamosa, Colorado, we provide an affordable and accessible education to students in southern Colorado and beyond. Trinidad State offers unique academic programs in fields such as Unmanned Aviation Systems (UAS), Cosmetology, Nursing and Welding. We also have an Electrical Line Technician program as well as Art, and Theatre Technology in addition to traditional Arts and Sciences classes and a guaranteed transfer program through a partnership with four-year colleges and universities in Colorado. We are home to one of the first, and by most accounts, the premier Gunsmithing School in the United States.

Our tuition rates are consistently at least 40 percent less than Colorado's four-year colleges and universities. We also have the highest completion rates of any community college in Colorado.

We offer the full college experience in a small town setting including dining and residence halls and we feature seventeen (17) intercollegiate sports teams. Welcome to Trojan Territory! Our spacious 17-acre Trinidad Campus is also home to the Loudon-Henritze Archaeology Museum.

Our second campus, in Alamosa, Colorado also offers a considerable selection of courses including Nursing, Cybersecurity, Welding, Auto Mechanics and the Law Enforcement Training Academy. On either campus we can prepare a student for a continued education at a four-year school.

Trinidad State has been continually accredited by the Higher Learning Commission since 1962.

Mission Statement

Enriching our diverse communities through quality educational experiences and lifelong learning.

Vision Statement

Educate for the future.

Core Value

Students First

NOW more than ever . . .

TRINIDAD STATE COLLEGE HONORED ALUMNI

❧ VALLEY CAMPUS ❧

Austin “Rocky” Martin-Montoya, 2002 always knew he wanted to be a preschool teacher. Although he was told early on that preschool teachers were predominately women, he followed his dream and enrolled at Trinidad State. Rocky took 18 credit-hours a semester, maintained a 3.7 GPA, and was inducted into the Phi Theta Kappa Honor Society. He was the first man to graduate with a degree in Early Childhood Education in 2002. Rocky worked in Denver briefly before returning to Alamosa where he is currently a preschool teacher at the Gingerbread Early Learning Center. Rocky expressed his gratitude to Patti Newman and the faculty and staff at Trinidad State for having faith in him and for pushing him to achieve his goals.

Kayleigh (Westerman) Fuller, 2012 initially chose a 4-year institution outside of the San Luis Valley after high school. She quickly realized how much she missed home and enrolled at Trinidad State. After graduation she worked at Starbucks and moved across the country. Kayleigh attributes the success she’s had in her career to the great education she received at Trinidad State. During the last 10 years, Kayleigh has been able to advance with the company. She managed the store in Alamosa for four years. Just recently, Kayleigh was asked to manage a Pueblo store that needed a strong leadership presence. She enjoys serving as a mentor for her employees, and continues to be a cheerleader for the community college experience.

❧ TRINIDAD CAMPUS ❧

Dennis Gallegos, 1962 was drafted into the Army soon after graduation. With the Vietnam war well under way, he wanted to join the Special Forces to have a better chance at coming home alive. He was told, only four out of the 500 men taking the test would qualify. Dennis was one of the four. He credits the education he received at Trinidad State for helping him pass. After the Army, he started a business selling veneer and landscape stone. Dennis would later become a real estate and water broker and then with his wife, he owned and operated two senior care homes. Now 81 years old, Dennis is contemplating what to do next.

Michael Lujan, 1972 was a standout wrestler in high school, placing third in the state both his junior and senior year. At Trinidad State, Mike wrestled his first year before the program was dropped during the 1971-72 season. Still, he continued to wrestle freestyle and was a 1972 National Olympic Trial qualifier. Mike would go on to complete his Bachelors Degree in Education in 1974 at Southern Colorado State College (now CSU Pueblo). The wrestling room at Santa Fe High School is named after Mike and he was an award winner at the 2019 New Mexico Sports Hall of Fame. Mike and his wife, Sally, have been married 24 years. They have two children and ten grandchildren.

Kimberly (Buckle) Ruscetti, 1982 studied Secretarial Science and Business at TSC. After graduating, she worked for Mt. San Rafael Hospital. She then became the administrative assistant for TSC's Upward Bound program. Her favorite part of the work was helping students. When the program ended, Kim worked for a local dentist. When she and husband, Dan, started their family, they opened a small trophy and awards business to allow Kim to work from home. They ran the business for almost 20 years. Kim next served our community working for Trinidad School District #1 from which she retired in January 2022. Kim and Dan currently own and operate a waste disposal company. Kim and Dan have two children, Candis & Colton.

Brian Zappanti, 1992 enrolled in the automotive program and believes that his instructor, Mr. Lucas, was by far the best teacher he ever had. After graduation, Brian started his automotive career with Sill-Terhar Ford as a light line technician. After 19 years as a Ford technician, Brian took a position with shuttle bus leader Davey Coach in 2011. Brian was named Employee of the Quarter in 2014 and was selected Employee of the Year in 2016. At Davey Coach, he has been promoted to Foreman, then to Shop Manager, and most recently, Brian was promoted to the Parts and Service Director over the Colorado and Indiana branches.

Sherri (Martinez) Bacharach, 2002 first graduated from TSC in 1992 with a degree in business and accounting. For 11 years, she was a franchisee for Domino's Pizza. During that time, Sherri earned her second TSC degree in 2002, this time in nursing. After selling the business, most of her nursing career has been in the Emergency Department at Mt. San Rafael Hospital. Sherri later earned her Bachelors in Nursing and a Masters in Nursing for leadership and management, both from Western Governors University. She served as Emergency Department Director prior to her current role as the Director of Special Programs which includes the Trauma Program, Clinical Education, Emergency Preparedness, Sexual Assault Nurse Examiner Program, and Infection Control.

Dr. Sara Bulson, 2012 graduated from Trinidad State with a certificate in massage therapy. After starting her career in massage therapy, she decided to further her education in order to better serve her clients. One of her most influential mentors, Kay Evans, introduced her to naturopathic medicine. Dr. Bulson graduated from Southwest College of Naturopathic Medicine in 2021. She happily resides in Tempe, AZ with her husband of 13 years, John; her 6-year-old son, Oliver; and puppy, Archibald. She currently owns her own wellness practice Chrysanthemum Health. She enjoys empowering her clients to fully take control of their health, to meet their goals and to live life to its fullest.

ACADEMIC DRESS

The tradition of the academic costume began during the twelfth or thirteenth century in the early European universities, when most college faculty and students were members of religious orders. Since the clergy composed the majority of the educated class, academic dress is an adaptation of the cape or mantle which was usually of silk or wool, and worn by church dignitaries in religious processions. For many years, European faculty wore their gowns, caps and hoods in the classroom.

Through the years, great diversity in color and style of cap, gown and hood developed. In the late nineteenth century, the colleges and universities in the United States adopted a uniform code governing academic dress. Today, the black gown, hood, and mortar board worn by the graduates in most institutions follow this code.

While it is not apparent to the casual observer, the gowns worn by the recipients of the different degrees vary somewhat in design. The gown worn by the associate degree candidate and the bachelor's candidate are most often black or a dark color. Sleeves on the associate degree gown are cut straight, while bachelor's degree sleeves taper to a point. Traditionally, women wear white collars if hoods are not worn.

The gown signifying the master's degree is also black and may be worn open or closed. It features sleeves that hang below the wrist, tapering to a square cut with a cutaway arc.

Although usually black, the doctoral gown is sometimes seen in colors - gold, purple, dark blue, or dark red. The opening of the gown is faced with velvet and three velvet chevrons run across its bell-shaped sleeves. The velvet facing and chevrons may be black or the color representing the field of study.

Colors used on the hoods serve as identification for the degree. Those who have received masters or doctoral degrees wear hoods lined with the school colors. The hood worn by the doctoral candidates differs from that of the masters, as it has side panels and is slightly longer. The velvet border of the hood indicates the degree and usually follows the same color code.

The Oxford cap, usually referred to as a mortar board, completes the attire. In place of the hood, associate degree candidates and bachelor's candidates wear tassels on the black cap, fastened by a button on the top. Candidates for a degree wear the tassel on the right side, while persons with earned degrees wear their tassels over the left front of the cap. While master's degree tassels may be either black or the color representing the field of study, doctoral tassels are gold. Those holding the doctoral degree may elect to wear four or eight sided velvet instead of the Oxford cap.
