

## **Basic Precision Welding (Welding for Gunsmiths)**

**\$400 or 2 credit hours**

**(core class for certificate)**

This course will cover basic safety and hands-on instruction to introduce the student to various micro welding practices including small metal fixtures and parts with a small emphasis toward Gunsmith welding. If time allows, other types of welding may be covered by the instructor.

Robert Sanchez is the full-time welding instructor for TSC. Prior to working at the college, Robert worked for Topar Welding as a gas field welder. He has been welding since 1998 where he started out as a structural welder working on schools and other buildings.
