

After numerous successful trail projects together, Tony Boone Trails and Timberline Landscaping have partnered to create a new enterprise: Timberline TrailCraft. Timberline TrailCraft combines Tony Boone's 30+ years of trail planning and building experience with Timberline Landscaping's 30+ years in the landscaping and trail construction industry.

TIMBERLINE
TrailCraft

In the past three decades, Tony Boone has passionately led teams in planning, designing and constructing over 1,000 km of sustainable, shared-use trails for people of all ages and abilities. Tony Boone's national and international experience ranges from professional trail building companies to governmental agencies and non-profit organizations. Tony is considered a true pioneer in the art and evolution of sculpting sustainable, machine and hand-built trails for mountain bikers, runners, hikers and equestrians.

Tony has founded three successful trail planning, design and construction companies, including his current companies, Tony Boone Trails and Timberline TrailCraft. While he was President of Anasazi Trails, Inc. (2007-2012), his team completed a 475 km Trail Feasibility Study for the Rio Grande Trail from Belen, NM to Mexico Border. As President of Arrowhead Trails, Inc. (1994-2010), he was responsible for developing Trail Master Plans for 20 Colorado State Parks.

Tony continues to partner with trail advocates, land managers and governments around the world, having completed over 325 successful trail projects encompassing fifteen U.S. states and nine countries including: U.S., Canada, Australia, Hong Kong, China, Costa Rica, Iceland, Aruba, and the Philippines.

Prior to his experience in the private sector, he was a Natural Resource Specialist for eight years with Boulder County Parks & Open Space. His responsibilities included developing and implementing park master plans, natural resource management plans, trail design/construction projects and natural and cultural resource protection programs. Tony also graduated at the top of his class at the International Police Mountain Bike Association & the Boulder County Sheriff's Reserve Academy.

Beyond his extensive design/build experience, Boone is a highly sought after professional trails educator, instructing and training literally thousands of students around the world in designing & planning sustainable, natural surface trails and sharing the art of mechanized trail building. He has written numerous articles for a variety of publications and contributed to three International Mountain Bicycling Association (IMBA) books including: Trail Solutions: IMBA's Guide to Building Sweet Singletrack, Managing Mountain Bikes: IMBA's Guide to Providing Great Riding, and Bike Parks: IMBA's Guide to New School Trails.
