B. Fee Purpose: Every Fee at Trinidad State Junior College shall be classified as an Administrative Fee, an Academic Fee (Course Specific Fee and Instruction Fee), a Mandatory Insurance Fee, a Student Activity Fee, a User Fee, a Charge for Service Fee, or a Technology Fee. If a particular Fee meets several purposes, it shall be categorized within the dominant purpose. Fee purposes are defined as:

1. Academic Fees: Mandatory college-wide, campus-wide or mandatory non-campus-wide fees associated with academic courses or programs. Proposed non-campus-wide Academic Purpose Fees must be approved by SBCCOE.

(a) Instructional Fees: Mandatory non-campus-wide fees related to an instructional program or college, but not to a specific course offering, and may include college specific fees or program specific fees, including but not limited to international program fees.

*Medium and High CIP Course Fees and Cisco Fees. In April 2017 the SBCCOE approved a revision of its 2010 approved Classification of Instructional Program (CIP) codes that are used to determine those courses that will be assessed a course fee. All courses offered by the Colorado Community College System (CCCS) are identified according to three cost factor categories based on costs of delivery: low cost, medium cost, and high cost. In addition to these levels the SBCCOE has approved a separate rate for CISCO courses. Course fee rates for all medium, high cost and CISCO courses are approved by SBCCOE each fiscal year. A complete listing of CIP Codes and their approved cost factors, based on CIP 2018, can be found in Appendix A.*

(b) Course Specific Fees: Mandatory non-campus-wide fees assessed to enroll in specific courses (e.g., lab fees, music fees, art fees, materials fees, and telecourse fees). Revenue from each Course Specific Fee is restricted for costs directly related to the associated course and each section of the course must be assessed the same Course Specific Fee.

*Trinidad State Junior College does assess course specific fees. Refer to the most current TSJC Class Schedule for a list of course specific fees. Fee rates are approved by SBCCOE annually.*

(c) Technology Fees: Mandatory campus-wide fees assessed for the purpose of providing technological infrastructure support. The ballot language was presented to the student body as follows:

Shall a technology fee be created for all students at a rate of \$2.00 per credit hour with a maximum of twelve credit hours, per semester, for the purpose of funding the technological infrastructure of the institution? The fee would support the funding of all the technological infrastructure which may include, but are not limited to, server upgrades, computer upgrades and wireless

internet connectivity. The technology fee shall be subject to annual increases tied to the Consumer Price Index as set by the Colorado Community College System.

The Technology Fee passed in a student vote March 2017

2. Student Activity Fees: Mandatory campus-wide fees assessed for a specific purpose. Student Purpose Fees apply to student centers, recreation facilities, intercollegiate athletics, student government, and similar facilities and services; and any general fee, the revenue from which is appropriated by student government for a specific purpose.

*Student Activity Fee – A student revenue fee used exclusively to fund student activities, clubs and organizations, student travel to in-state and out of state conferences and competitions, ID's. Fee rates may differ by campus and are assessed per credit hour. Fee rates are approved by SBCCOE annually.*

*Student Center Bond Fee – The purpose of this fee is to pay the principal and interest on the Trinidad State Junior College Bonds on the Trinidad Campus. Only student enrolled on the Trinidad campus are assessed this fee and are charged per credit hour.*

*Student Center Fee – the purpose of this fee is to cover operation, improvement, and maintenance costs of those facilities. This fee is only assessed for those full-time students enrolled on the Trinidad Campus and are assessed per term. Fee rates are approved by SBCCOE annually.*

*Athletic Fee – The purpose of this fee is to provide and support team sports, special events and tournaments, sustain equipment inventory, and to replace and support Weight Room equipment and facility improvements. *Campus Fee – The purpose of this fee is for public space improvements, such as parking lots, etc.*

4. Mandatory Insurance Fees: Fees which are charged for insurance required beyond regular health insurance based on the nature of the course.

*Trinidad State Junior College does assess mandatory insurance fees, mostly in malpractice insurance. Refer to the most recent TSJC Class Schedule for a list of mandatory insurance fees.*

5. User Fees: Fees paid by the student to exercise a privilege or receive a service by an auxiliary facility. This excludes housing and dining hall fees.

*Housing and dining hall rates – The purpose of this fee is to house students in the residence halls and to feed the students in the dining hall.*

6. Charge for Service: Charges to cover the costs of delivering specific services which are incidental to the instructional activities.

*Registration Fee: The CCCS system-wide registration fee that was non-refundable, per Board Policy, was changed in April 2008 by SBCCOE to be a refundable fee, at the discretion of each college. Trinidad State Junior College decided that the registration fee would be refundable at the effective date of the change, which was at the beginning of the Fall 2008 semester. Although the registration fee is uniform across the system, each institution is responsible for the collection, maintenance, and administration of this revenue to defray costs of registration. Fee rates are approved by SBCCOE annually.*

*Return Check Charge: Trinidad State Junior College assesses a processing fee for all checks returned to the college due to Insufficient Funds.*

- *Third week of April* - Students have traditionally voted on fee issues within the Spring Student Government ballot.
- *July 1* – New approved fees and other charges go into effect (usually fall semester).

## **Review of Fee Fund Balances**

Trinidad State Junior College's budget staff, along with the organization manager, periodically reviews each fee fund throughout the fiscal year. These reviews include evaluation of revenue collection, review of expenditures, estimated fund balance, and appropriate use of fee revenues. Spending adjustments are typically made in the fall and spring of each year. College leadership is consulted if in review of fees there is an adjustment warranted or if there is a conflict with the institutional fee policy. The level of allowable fund balance for each fee area is determined by college leadership in light of the current financial situation of the college and/or unique circumstances of that particular fee's plans (i.e. saving for a piece of equipment, etc.).

## **PART B--Elections and Required Approvals**

### **Student Elections**

*Under the circumstances as outlined below*, students are required to approve new fees and increases in existing fees outside of inflationary increases. The Vice President for Student Affairs of Trinidad State Junior College is responsible for administering all student elections concerning fees, upon SBCCOE approval of the referendum plan. The plan for the proposed fee will include the form of notice to students of the amount, the reason for the assessment, the purpose for which Trinidad State Junior College will use the revenue, and whether the fee is permanent or temporary, and if temporary, a repeal date for the fee. The plan will also include the effect of enrollment fluctuations. A simple majority of the votes cast determines the outcome of any student election.

Trinidad State Junior College may conduct a student vote once each semester. This election will be scheduled in consultation with the Trinidad State Junior College Student Government and will be announced to the students at least thirty (30) days in advance.

The results of successful referendum elections are not subject to appeal and proceed directly to SBCCOE for disposition. No new fee, fee increases, or fee extension that is defeated by a vote of the student body may be resubmitted for a student vote until the following regularly scheduled election. All student fee elections are advisory to the SBCCOE.

### **Student Approval Not Required**

1. Existing fees, new fees, or increases in fees relating to permanent student purposes.
2. Existing fees, new fees, or increases in fees relating to administrative fees for a specific academic course.
3. Any fee assessed for repayment of bonds issued or incurred prior to July 1, 1997.
4. Increase in any fee that is applied to repayment of bonds issued or incurred prior to July 1, 1997 if the fee increase is necessitated by a covenant in the authorizing bond resolution or other agreement for the specific project.
5. Increase in any fee that is applied to the repayment of bonds issued or incurred prior to July 1, 1997 if the fee increase is assessed for the repayment on bonds that are issued to refund existing bonds for the specific project and the maturity date of the refunding bonds is the same or earlier than the maturity date of the existing bonds.
6. Any course specific fees that the revenue is used directly for the course materials.

### **Student Approval Required (by a Majority of Votes)**

1. New fee or fee increase (in excess of inflation only) assessed to cover administrative costs.
2. New fee or fee increase (in excess of inflation only) assessed for non-permanent student purposes. New non-permanent student purpose fee or fee increases must contain an expiration date.

### **Itemization of Student Fees on Billing Statements**

Trinidad State Junior College shall separately disclose the fees charged to students in its student billing statements. This requirement applies to fees, the purpose of which is to cover any administrative costs; permanent student purpose fees; and non-permanent student purpose fees. Such itemization shall not be required for any academic course fee that is specifically listed in the course catalog. Itemization shall not be required for detailed allocations of general student fees; however, such itemization may include an itemization of other general student fees. The portion of fees from any general student fee for the repayment of bonds or other debt shall also be disclosed on the billing statement.

Each billing statement will conspicuously identify any optional student fees or charges that are automatically assessed unless the student chooses not to pay the fee through a negative check-off.

## **PART C – Trinidad State Junior College Participation and Appeal Processes**

Student participation in the development of campus and statewide fees occurs at two levels through recognized governance bodies. At the first level Trinidad State Junior College's recognized student governance body, the Trinidad State Junior College Student Government, is consulted by Trinidad State Junior College's president and/or his or her designees. At the second level a State Student Advisory Council (SSAC) exists and is advised by a CCCS staff member. Additionally, the SSAC vice chair sits on the State Board for Community Colleges and Occupational Education as provided by Board Policy 4-25 and Colorado Revised Statute 23-60-104.

### **Campus Student Participation and Appeal Process**

The Trinidad State Junior College Student Government is consulted by the administration about the fees listed above on a routine basis.

1. The administration of Trinidad State Junior College will consult with elected representatives of the Trinidad State Junior College Student Government once in the fall term to review the current year's fees and again in the spring term prior to submission of student fees for the next fiscal year to SBCCOE. Specific dates will be established by the administration in line with the dates contained in this policy and the timetable for final SBCCOE action on all student fees.
2. It is the responsibility of the Trinidad State Junior College Student Government each fall term to notify the president of the college of the names of no more than five (5) students who also are members of the Trinidad State Junior College Student Government. These individuals will serve as representatives to the college's internal fee allocation process. Students who are not members in good standing of Trinidad State Junior College Student Government will not be allowed to serve.
3. It is the responsibility of the administration to provide a copy of this policy, any subsequent revisions thereto, and target dates for the internal fee allocation process to the representatives identified in #2 by January 31 each year.
4. Trinidad State Junior College's student fee request must be submitted to CCCS by mid-March of each year. Accordingly, sufficient time should be given for consultation between administration and students to meet this deadline. All existing fees will be submitted to CCCS unless a specific exception is made by the system Vice President for Finance. New and increased fees must include a rationale and an accompanying statement documenting the purposes to which the additional revenue will be applied.

5. In the event student representatives to the internal fee process do not agree with elements of the administration's final fee proposal, both parties will commit to seeking informal resolution.
6. If informal resolution to the issue or issues identified in #5 does not occur, the president of the Trinidad State Junior College Student Government may file a written appeal with the Vice President of Business and Finance by February 21 or the working day closest thereto. A written appeal will state the substantive grounds for the appeal. Any appeals filed after this date will not be considered.
7. The Vice President of Business and Finance will respond to the written appeal within ten (10) working days. The Vice President's written response will include rationale for either accepting or denying the written appeal.
8. Within ten (10) working days, by a majority of the membership of the Trinidad State Junior College Student Government, the Trinidad State Junior College Student Government may reject the vice president's response. If a majority is not attained or if the Trinidad State Junior College Student Government fails to take action, the college president's response is final and no further appeals on the same issue are possible.
9. If the Trinidad State Junior College Student Government rejects the vice president's response, the president of the Trinidad State Junior College Student Government may file a written appeal with the President of TSJC within three (3) working days, as provided in the next section.
10. The administration and the Trinidad State Junior College Student Government may waive the appeal timelines by mutual consent.

### **SBCCOE Participation and Appeal Process**

The SBCCOE will approve all student fees across the system prior to their implementation. The procedures above provide a mechanism for students to participate in the process of establishing fees, including the opportunity for the students and student representatives to address the Board during discussion and action of student fee proposals.

It is the responsibility of the administration to provide the president of the Trinidad State Junior College Student Government with the final action taken by SBCCOE on student fees after the Board meeting in which student fees are approved. It is the responsibility of the president of the Trinidad State Junior College Student Government to inform members of the Trinidad State Junior College Student Government and other students of the final SBCCOE action on student fees.
