

PETITION FOR IN-STATE TUITION CLASSIFICATION CHECKLIST

The Colorado Tuition Classification Statute (C.R.S 23-7-101 et. seq) delegates responsibility to the college to determine eligibility for in-state tuition in accordance with rules that apply to all public colleges and universities in the state. The statute states that each student must document domicile (a fixed and permanent residence for 12 continuous months preceding the beginning of the term) and intent (legal ties with the state). Students under the age of 23 whose parents are not Colorado residents, and who are not married, must prove emancipation.

You must submit all checklist items that apply to you. Documentation submitted must be photocopies of your original documents because the entire petition becomes permanent record and is retained by the college. Please note: this checklist has been provided to assist you in the residency petition process and does not imply that your petition will be approved.
